The Centers for Disease Control (CDC) have surreptitiously reported excess mortality data over the past three years, completely ignoring its implications. The data is made available [at the Organisation for Economic Co-operation and Development \(OEC\)](#). Founded in 1961, OEC is an intergovernmental organization with 38 member countries. The organization collects data on mortality to understand economic progress and world trade. It's excess mortality statistics for U.S. children after the covid-19 vaccine rollout are horrific.

For excess deaths in children and adults ages 0-44, there were 31,332 excess deaths in 2020, 58,559 in 2021, and 39,012 in 2022. This data only included excess mortality recorded in weeks 1 to 40.

Excess deaths in children and young adults spike after covid jab rollout, not during alleged pandemic

The excess mortality for U.S. children and young adults is available [for the first 40 weeks of 2020, 2021, and 2022](#). When the data is compared to the five-year period pre-pandemic, it becomes clear that the government's actions over the past three years – especially the covid jab rollout - caused mass suffering and death. According to the data, excess mortality began in 2020 and spiked in 2021 and during first half of 2022. When the numbers are compared to pre-vaccine totals, sadly, it becomes clear that over 118,000 U.S. children died suddenly after the covid jab rollout.

According to the data, there was a slight increase in excess death among children and young adults when the first round of lockdowns was initiated. When the covid-19 vaccines were introduced in 2021, the excess deaths should have fallen significantly. However, the opposite reality occurred. Excess deaths for 2021 were higher for 38 out of the 40 weeks, compared to 2020 figures. By week 31 of 2021, excess death rose even more significantly, and remained astronomically high for the first half of 2022.

The year 2021, was by far the worst, with 27,227 more excess deaths by week 40 following the roll-out of the covid jab, than what occurred in 2020 at the height of the alleged Covid-19 pandemic.

Government officials and compliant medical professionals lied and destroyed thousands of young lives

When the covid-19 pandemic was first announced, fears of hospitalization and mass death drove the CDC and state governments to take drastic authoritarian action that drove many young people into isolation and mental illness. The government's actions have played a central role in the destruction of lives and livelihoods – causing higher rates of depression, drug overdose, and suicide in youth. To make matters worse, the youth were expected to take part in medical experiments that were completely unnecessary and caused serious health problems, including but not limited to: myocarditis and pericarditis.

During the coercive mRNA vaccine rollout, government officials like Anthony Fauci and Rochelle Walensky pushed the jabs onto minors, even after evidence clearly showed that the shots are unnecessary and dangerous to young people. The American people were promised that these injections were “safe and effective” and were the key to “returning to normal.” Those who bought that line lived in perpetual fear and isolation, making little contact with other people, avoiding human interaction, and resorting to swabs, masks, and other insidious, enslaving protocols that emboldened a medical police state.

That medical police state, full of compliant adults, modeled a dystopian future for children to submit to. It was a future of perpetual fear, oxygen deprivation, isolation, and booster jabs that cause blood clots, [immune depletion](#), and heart inflammation. All of this propaganda and manipulation coerced parents to give up their children to these vaccine experiments that caused more health problems. Today, myocarditis and the sudden and unexplained death of young people has become normalized. Across the media landscape and in medical offices across the country, there is a deafening *yet telling* silence when it comes to addressing [the damage](#) that this global
